

CARES® Integrated Digital Solutions

3Shape TRIOS® 3 Intraoral Scanner

Rock your practice

3Shape TRIOS® 3 Intraoral Scanner

As part of the fully validated CARES® Solutions, Straumann offers 3Shape TRIOS® 3, a handheld 3D scanner for powder-free intraoral scanning in full color. Choose between a cart with multi-touch screen or portable pod. 3Shape TRIOS® 3 is available in wired or wireless models, with your choice of a handle or pen grip.

- Fast, easy to use, creates accurate digital color impressions
- Capable of measuring shades
- Ability to add HD photos to the 3D model
- Available with pen grip or handle
- Open STL data format

Enjoy the freedom of wireless scanning

Pen grip

Handle grip

3Shape TRIOS® 3 Wireless eliminates the need for a connecting cord between the wand and PC while offering the same high speed, documented accuracy and leading technology.

- No wires
- Easy battery exchange for a continuous scan experience
- Three long-lasting, rechargeable batteries included

Choose your setup

3SHAPE TRIOS® 3 CART

All-in-one solution on wheels with multi-touch screen.

3SHAPE TRIOS® 3 POD

Portable, lightweight pod and scanner connects to your PC via USB.

3Shape TRIOS® Design Studio Solution

OPEN, SIMPLE AND FLEXIBLE SAME-DAY DENTISTRY

A complete same-day dentistry CAD/CAM solution that lets you easily design and mill, step-by-step in your own practice. With 3Shape TRIOS® Design Studio you can create crowns, inlays and veneers while directly connected to the Straumann® CARES® C Series Mill.

In addition, you have the “send-to-lab” option for more advanced indications within the same software platform, enabling you to choose the workflow that best suits you and your patient.
